

Lake Whatcom Water & Sewer District 2020-21 Sanitary Sewer Misc. I&I Repair Project 12-month "On-Call" Contract District Project #C2003-II

Addendum No. 2

Issue Date: August 5, 2020

To All Contract Document Holders:

You are hereby notified of the following addition or changes to the Plans, Specifications and other documents comprising the Contract Documents for the Lake Whatcom Water & Sewer District 2020-21 Sanitary Sewer Misc. I&I Repair Project, District Project #2003-II.

The District hereby adds to the project scope of work condition assessment of various sewer main pipes, ranging from 6-inch to 12-inch pipe diameter, with sewer main cleaning before video inspection, as directed by the District, if cleaning is necessary to obtain an unobstructed video inspection. A list and map of potential sewer mains for condition assessment are shown on attached Exhibits A.

The following changes are hereby made to the Contract Documents:

- 1. Replace the Bid Proposal Form, Section 00410, with the attached Bid Proposal Form. The complete section is reissued with this addendum.
- 2. Add the following items to Project Specifications Section 6.0, Measurement and Payment:

BID ITEM NO. 19 – CONDITION ASSESSMENT - VIDEO INSPECTION OF MAINLINE SEWER (6" TO 12" PIPE DIAMETER)

Measurement. Will be measured per lineal foot (LF) along the invert of the pipe from the point beginning at the upstream manhole wall and ending at the downstream manhole wall.

Payment. The unit price for this bid item will be full compensation for condition assessment of mainline sewer pipe using video inspection in accordance with Project Specifications 3.4. Traffic control for this item shall be incidental to the work, unless the traffic control requirements meet the criteria identified in the Project Specifications Section 1.10.

This bid item applies to sewer mains that can be inspected via access manhole(s)located within 50 feet from available vehicle access and where the access manhole(s)are within 800 lineal feet upstream or downstream from the sewer main.

BID ITEM NO. 20 – CONDITION ASSESSMENT – CLEANING OF MAINLINE SEWER (6" TO 12" PIPE DIAMETER)

Measurement. Will be measured per lineal foot (LF) along the invert of the pipe from the point beginning at the upstream manhole wall and ending at the downstream manhole wall.

Payment. The unit price for this bid item will be full compensation for condition assessment cleaning of mainline sewer to precede the condition assessment of mainline sewer pipe, in accordance with Project Specifications 3.5. District authorization for each pipe segment cleaned is required for compensation. Traffic control for this item shall be incidental to the work, unless the traffic control requirements meet the criteria identified in the Project Specifications Section 1.10.

This bid item applies to sewer mains that can be inspected via access manhole(s)located within 50 feet from available vehicle access and where the access manhole(s)are within 800 lineal feet upstream or downstream from the sewer main.

Payment for Bid items 19 and 20 are strictly for condition assessment of sewer pipes per the District's direction, to be added by Work Order(s) in accordance with the project specifications. Other bid items for this project have video and cleaning requirements that are incidental to the unit prices for those bid items and no additional payment will be made for video and cleaning for those items.

Addendum No. 1 is the reissue of the Contract Documents sent to all prospective bidders on 7/29/2020.

Acknowledge receipt of each addendum on the Bid Proposal.

The Owner reserves the right to accept or reject any or all Bid prices within sixty (60) days of the Bid date.

Time for Completion

The undersigned hereby agrees to substantially complete all the Work (and accepted alternates) within <u>365 calendar days</u> after the date of Notice to Proceed; and to achieve Final Completion within <u>0</u> calendar days of Substantial Completion.

<u>***Work Window Limitation***</u> Seasonal clearing activity limitations established by Whatcom County Code 20.51.410 are in force. Clearing activity, which includes trench excavation/backfill and other land disturbance, that will result in exposed soils exceeding 500 square feet are not permitted from October 1 through May 31. Whatcom County measures the total project land disturbance area to determine the square footage threshold, not individual work sites or sequential trenching/backfill. To meet this requirement the contractor must complete all excavation and land disturbance activities on the project between May 31 and October 1, except for the last 500 square feet.

Liquidated Damages

The undersigned agrees to pay the Owner as liquidated damages the sum as specified in the General Conditions for each consecutive calendar Day that is in default after the Contract Time(s). Liquidated damages shall be deducted from the contract by Change Order or from the Contractor's application for payment as determined by Owner in its sole discretion.

Receipt of Addenda

Receipt of the following	addenda is acknowledged:
